Racecourse Roundabout Improvements

As part of the ongoing works to the Eco Expressway, the City Council will be making improvements to the Racecourse Roundabout which will start on Tuesday 2nd May until the end of July 2017.
The second phase between Trent Lane Roundabout and Racecourse Roundabout which got underway in April is now complete.

Image of Eco Expressway

The improvement works will involve altering the layout of the roundabout; which will provide improved pedestrian crossing points and offer the opportunity to repair parts of the road that have started to deteriorate.

There will be a phased programme of works using traffic cones to keep traffic flowing. This approach avoids the need to use temporary traffic signals which would cause delays in this location.

However, on two separate occasion's traffic heading eastbound and northbound from Racecourse Road (Nottingham Racecourse and Park and Ride) will need to take a diversion route turning left onto Daleside Road and then turning around at the Trent Lane (Aldi) roundabout. Ecolink buses will also follow this diversion. (Map attached)

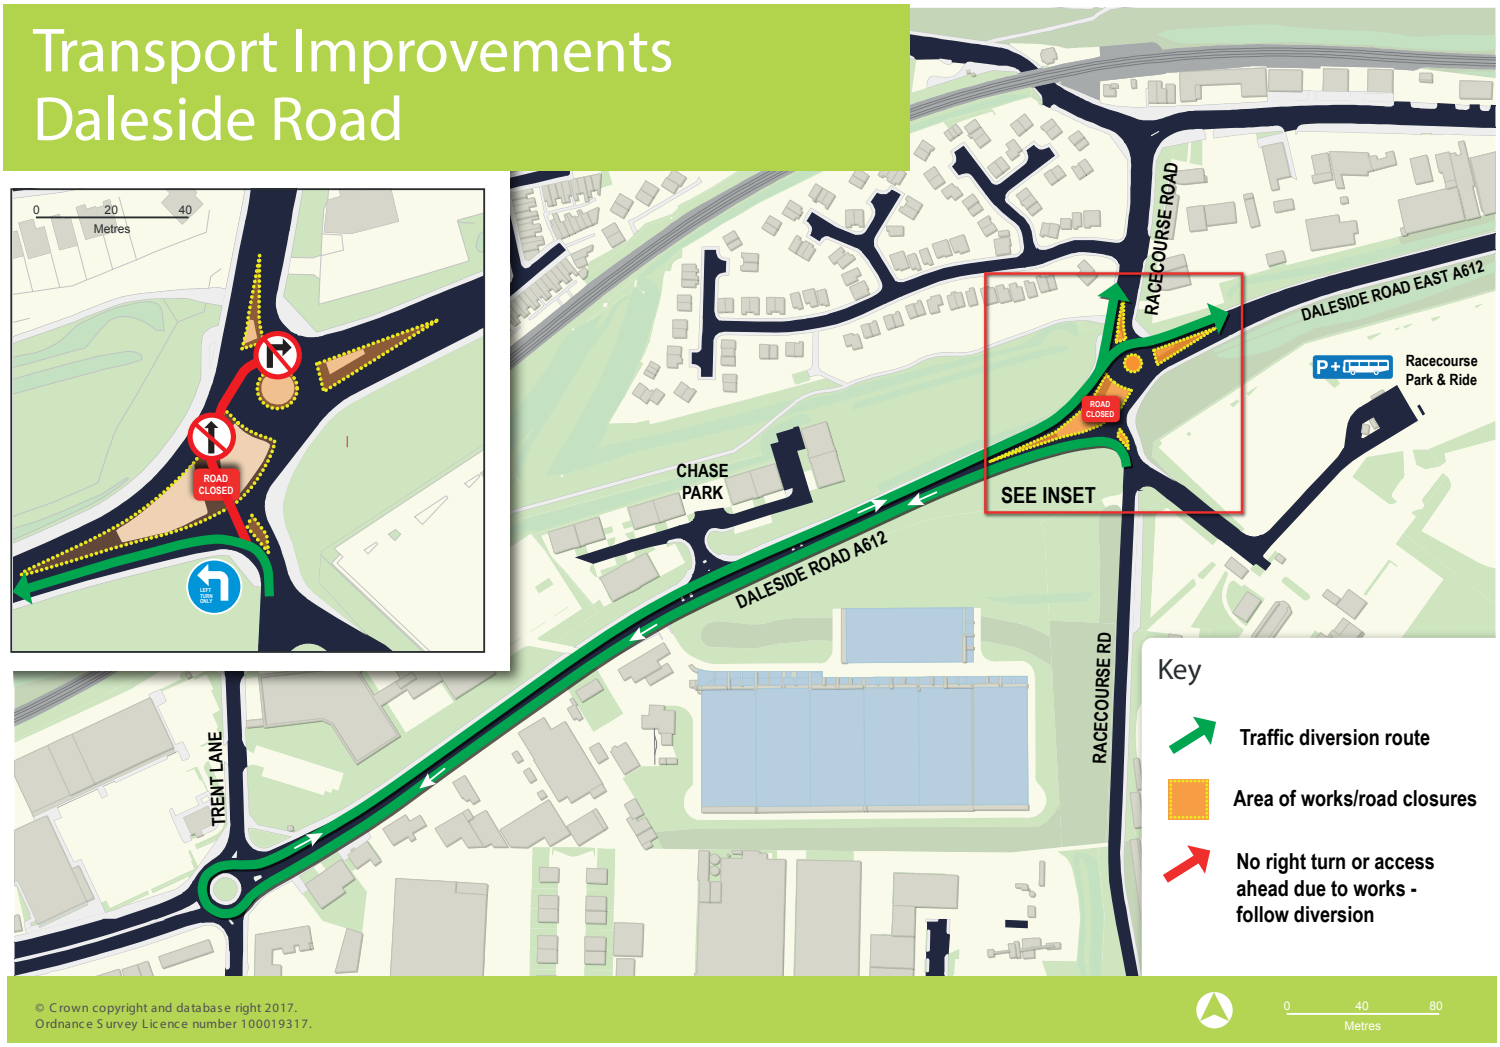

Diversion route will be necessary from:

- Tues 2nd May to Fri 12th May 2017
- Mon 12th June to Fri 23rd June 2017

Final road resurfacing works will take place in July and may require further diversions which will affect traffic. More information will be supplied nearer to the time.

During the works, drivers are asked to allow more time for their journey and to slow down through the roadworks for the safety of the construction workers. There will be an advisory 20mph speed limit in place at the roundabout during all works

Transport Improvements
Daleside Road

The above diversions will be in place on the below dates:

- Tues 2nd May to Fri 12th of May
- Mon 12th June to Fri 23rd June.

The City Council apologises for any inconvenience that these works may cause you, and thanks you for your support and patience.
