Nottingham City Council

Have your say on Nottingham's draft Rights of Way Improvement Plan

Do you walk, use a mobility aid, cycle or ride a horse in the Nottingham area? If you do, we would like to hear from you.

The City Council has recently published its second Rights of Way Improvement Plan for public consultation.

Based on the responses to a user questionnaire during 2013, the revised plan includes a number of actions to further improve the rights of way network for disabled users, walkers, cyclists and horse riders and we would like you to comment on these actions.

Consultation runs from **19th May to 11th August 2014**
To view and comment on the Rights of Way plan please visit:
