Nottinghamshire Joint Strategic Needs Assessment (JSNA)

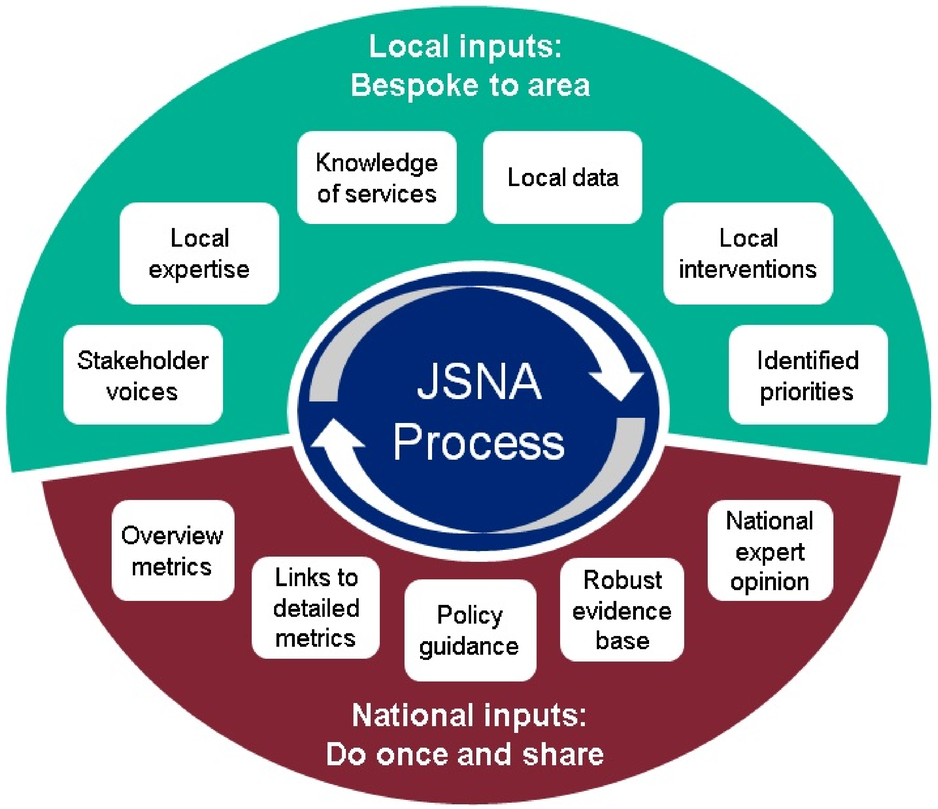

What are JSNAs?

"**JSNAs are assessments of the current and future health and social care needs of the local community**" *(Department of Health, 2013)*. They aim to highlight needs and assets around topics of joint strategic importance, providing recommendations for action to improve health and wellbeing and reduce health inequalities. Health and Wellbeing Boards have a statutory duty to produce JSNAs and they should be used to inform the Joint Health and Wellbeing Strategy.

Purpose of the JSNA

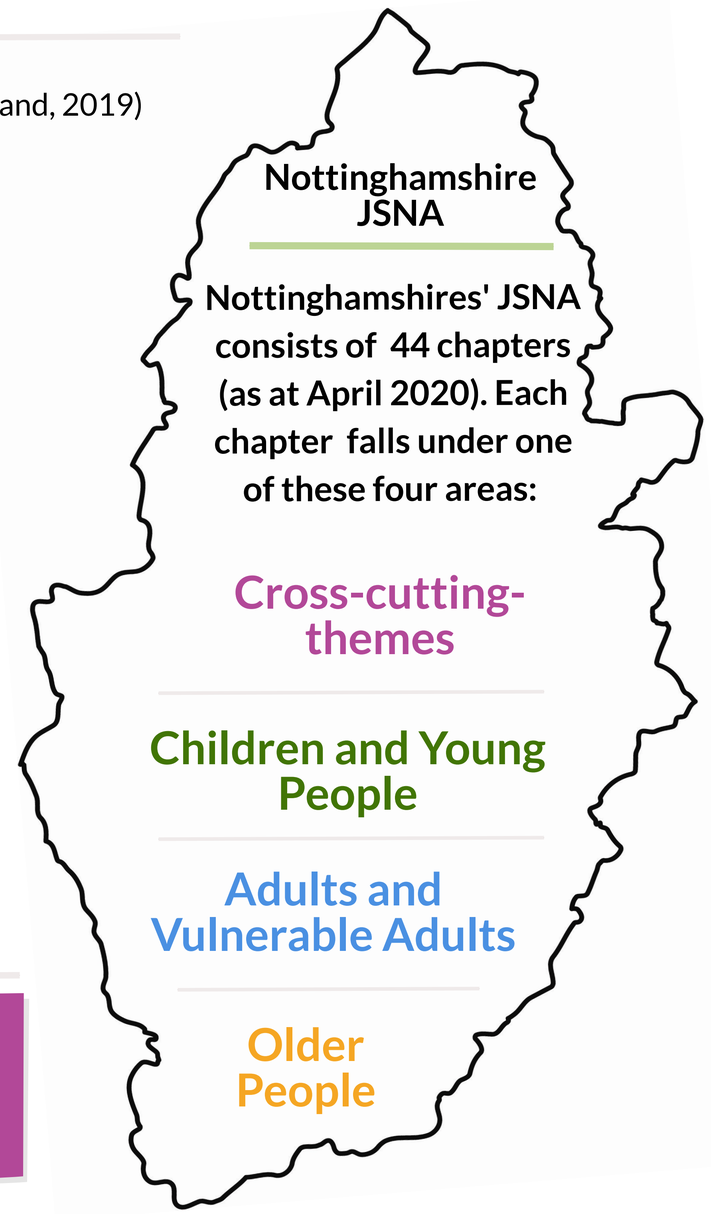

Collaboration model for JSNA development (Public Health England, 2019)

Each Nottinghamshire JSNA chapter is split into three sections:

1. What do we know?
2. What does this tell us?
3. What should we do next?
